

**MARYLAND DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES**  
**QUARTERLY INMATE CHARACTERISTICS REPORT**  
**JANUARY 2013**

The inmate characteristics data presented in this quarterly report are derived from a "snapshot" of the Offender-Based State Correctional Information System I (OBSCIS I) as of the date of the report. The format of this report was updated effective for the July 1, 2012 Report. This data represents inmates sentenced to the jurisdiction of DPSCS and housed in facilities in the North, South, and Central Regions. Similar data is *not* available for DPSCS pre-trial detainees, federal detainees temporarily housed at MCAC, probationers assigned to Central Home Detention supervision, and inmates sentenced to local jail custody in Maryland.

**TABLE OF CONTENTS**

**FACILITY ABBREVIATIONS, LOCATIONS, AND SECURITY LEVELS** **PAGE 2**

**SEX AND RACE DISTRIBUTIONS** **PAGE 3**

Prior to July 2009, the population reported in the Sex Distribution table was derived from the manual (head count) obtained on the date the report was prepared. Differences between categories (sex vs. race) are due to missing data on the automated system.

**AGE DISTRIBUTION** **PAGE 4**  
**COUNTS** **PAGE 4**  
**PERCENTAGES** **PAGE 5**

**AVERAGE SENTENCE LENGTH AND AVERAGE STAY DISTRIBUTION** **PAGE 6**  
**COUNTS** **PAGE 6**  
**PERCENTAGES** **PAGE 7**

Average sentence length is calculated based on total sentence length and does not include life sentences. Average length of stay reflects the average length of time served in DPSCS as of the date of the report. This figure is not based on releases and may include time served at more than one facility. The length of stay at MRDCC includes all sentenced inmates currently assigned to that facility regardless of status. The processing time at MRDCC for new admissions is approximately 21 days. Since the July 2003 Report, the length of stay calculation has been modified to exclude returns from parole, mandatory and escape, and has lowered the reported length of stay compared to sentence distribution reports before July 2003.

**MOST SERIOUS OFFENSE DISTRIBUTIONS** **PAGE 8**  
**COUNTS** **PAGE 8**  
**PERCENTAGES** **PAGE 9**

The offense categories were modified beginning with the October 2005 Report. The categories of Bribery, Disorderly, and Vandalism were merged with Other. The offenses under the prior category of Rape have been expanded to include all sexual assaults and are now labeled Sexual Assault. Sex Offense is now Sex Other and includes non-assaultive sex offenses.

**FACILITY ABBREVIATIONS, LOCATIONS, AND SECURITY LEVELS**

All facilities house male inmates except where otherwise indicated
